Cable Stripper, Crimp Tool & Die Sets

A consistent and reliable crimp connection is the direct result of a Quality Controlled Termination Set consisting of: The Coaxial Cable, Connector, Stripper, Crimp Tool and precision Die Set. Canare offers a complete turnkey Assembly Package. There is no tooling guesswork... the only surprise is how quick and easy it is to terminate your own cables.

R5A Storage Road Case
Low cost, lightweight yet rugged, holds:

• (1-2) TC-1 hand tools
• (5) TCD crimp die sets
• (100) Canare BNC, F or RCA crimp plugs
• (1) TS100E or, (3) TS-C Stripping tools
• Misc. adapters, replacement blades, rulers, etc.

Buyer Beware:
There are other products available that may look similar to the Canare TC-1 Hand Crimp Tool & TCD Die Sets, but they may not meet the same high quality standard and will not perform to our strict specifications.

TC-1 Hand Crimp Tool
Low cost, lightweight yet rugged, holds:

• (1-2) TC-1 hand tools

TS100E Coaxial Cable Stripper

Stripping & prepping coaxial cable for Canare's true 75Ω BNC, F and RCA Crimp Connectors, is now simple, quick and easy. No more hassles working with awkward razor blades or difficult-to-use straight edge tools. Our TS-Series dramatically reduces assembly time when compared the most other commonly used methods. You simply "insert the cable, rotate and remove". Completes the job in just 15 seconds! All models have 3 fully-adjustable circular steel blades, specially designed and hardened to precisely cut "around" the cable...not chop through it like utility knifes or ordinary wire strippers. Our innovative side-slit blade allows you to carefully peel off the jacket for   consistant and productive cable prep.
TS100E

Model Selection
Model	Max. Cable O.D.
TS100E	.158in – .433in (4mm – 11mm)
Strip Lengths all Models (mm)	9 3.5 19

TS100E "5 in 1" Coaxial Cable Stripper

Quick & Easy-to-use hand tool
Rotary Knob selects 5 different cable set-ups
